Hi Team!

I hope everyone is having a great weekend.

Just a reminder/heads up that I'm traveling for a wedding this week. I plan to work Monday and Tuesday, but the wedding is on Thursday, so I'll be mostly offline Wednesday-Friday for events, though will check email intermittently.

I went ahead and updated the next-day email for Sunday night, since I'll be on a ferry then. If there are any major developments between now and then, I'll try to add. Just let me know if you anticipate any scheduling issues this week.

Thanks!

Gypsy

Molly and Alexander –

My name is Lara Crouch, and I work on the Senate Foreign Relations Committee for Ranking Member Jim Risch. I'm writing to you at the recommendation of Lauren Schwensen on the Senate HELP committee.

Senator Risch would like to request all records related to the following:

1. All data on the reported anonymous gifts/donations/contracts made to the University of Pennsylvania which list China as the "country of giftor," from January 1, 2017 to present. This data should include the specific source of the gift/donation/contract – not just the country. There are several gifts/donations/contracts where the donor is listed as a series of numbers, rather than as "Anonymous." We could like the data for those gifts/donations/contracts too.
2. All data related to every reported donation/contract/agreement to the University of Pennsylvania which list China as the "country of giftor," from January 1, 2020 to the present. Based on our research, information identifying the source of a gift/donation/contract is not currently available the latest Foreign Gift & Contract Report or online portal search tool.

Please let me know if you have any questions about this request. We request that you provide this information as soon as feasible, and no later than close of business on Friday, October 8, 2021.

Best regards,  
Lara

Molly and Alexander –

My name is Lara Crouch, and I work on the Senate Foreign Relations Committee for Ranking Member Jim Risch. I'm writing to you at the recommendation of Lauren Schwensen on the Senate HELP committee.

Senator Risch would like to request all records related to the following:

1. All data on the reported anonymous gifts/donations/contracts made to the University of Pennsylvania which list China as the "country of giftor," from January 1, 2017 to present. This data should include the specific source of the gift/donation/contract – not just the country. There are several gifts/donations/contracts where the donor is listed as a series of numbers, rather than as "Anonymous." We could like the data for those gifts/donations/contracts too.
2. All data related to every reported donation/contract/agreement to the University of Pennsylvania which list China as the "country of giftor," from January 1, 2020 to the present. Based on our research, information identifying the source of a gift/donation/contract is not currently available the latest Foreign Gift & Contract Report or online portal search tool.

Please let me know if you have any questions about this request. We request that you provide this information as soon as feasible, and no later than close of business on Friday, October 8, 2021.

Best regards,  
Lara

Thanks for looping us in, Greg. This request raises some complicated questions. A call would be helpful to talk through timing, scope, and any possible assurances or considerations for confidential nonpublic information. Based on calendars, no time works for everyone tomorrow and the best times look to be 12, 2:30, or 4 pm ET. I can send a placeholder invite for 4 pm and we can move it if that time doesn't work.

FSA no longer provides Section 117 reporting. OGC assumed responsibility for Section 117 reporting, so the inquiry should be referred to them.

**Subject:** Oversight request - SFRC request for information

**Importance:** High

Hello – we received a request from the Ranking Member of the Senate Foreign Relations Committee for the following information:

Senator Risch would like to request all records related to the following:

1. All data on the reported anonymous gifts/donations/contracts made to the University of Pennsylvania which list China as the “country of giftor,” from January 1, 2017 to present. This data should include the specific source of the gift/donation/contract – not just the country. There are several gifts/donations/contracts where the donor is listed as a series of numbers, rather than as “Anonymous.” We could like the data for those gifts/donations/contracts too.
2. All data related to every reported donation/contract/agreement to the University of Pennsylvania which list China as the “country of giftor,” from January 1, 2020 to the present. Based on our research, information identifying the source of a gift/donation/contract is not currently available the latest Foreign Gift & Contract Report or online portal search tool.

Please note they requested the information by Friday. **Please advise of any concerns with this request ASAP today** (if we don’t have it, don’t collect it, can’t produce that quickly, etc.)

Thank you,

Hello Molly,

FSA no longer provides Section 117 reporting. OGC assumed responsibility for Section 117 reporting, so the inquiry should be referred to them.

**Subject:** Oversight request - SFRC request for information

**Importance:** High

Hello – we received a request from the Ranking Member of the Senate Foreign Relations Committee for the following information:

Senator Risch would like to request all records related to the following:

1. All data on the reported anonymous gifts/donations/contracts made to the University of Pennsylvania which list China as the “country of giftor,” from January 1, 2017 to present. This data should include the specific source of the gift/donation/contract – not just the country. There are several gifts/donations/contracts where the donor is listed as

a series of numbers, rather than as “Anonymous.” We could like the data for those gifts/donations/contracts too.

2. All data related to every reported donation/contract/agreement to the University of Pennsylvania which list China as the “country of giftor,” from January 1, 2020 to the present. Based on our research, information identifying the source of a gift/donation/contract is not currently available the latest Foreign Gift & Contract Report or online portal search tool.

Please note they requested the information by Friday. **Please advise of any concerns with this request ASAP today** (if we don’t have it, don’t collect it, can’t produce that quickly, etc.)

Thank you,

Molly Petersen

Thanks for looping us in, Greg. This request raises some complicated questions. A call would be helpful to talk through timing, scope, and any possible assurances or considerations for confidential nonpublic information. Based on calendars, no time works for everyone tomorrow and the best times look to be 12, 2:30, or 4 pm ET. I can send a placeholder invite for 4 pm and we can move it if that time doesn't work.

**Importance:** High

Hello – we received a request from the Ranking Member of the Senate Foreign Relations Committee for the following information:

Senator Risch would like to request all records related to the following:

1. All data on the reported anonymous gifts/donations/contracts made to the University of Pennsylvania which list China as the “country of giftor,” from January 1, 2017 to present. This data should include the specific source of the gift/donation/contract – not just the country. There are several gifts/donations/contracts where the donor is listed as a series of numbers, rather than as “Anonymous.” We could like the data

for those gifts/donations/contracts too.

2. All data related to every reported donation/contract/agreement to the University of Pennsylvania which list China as the “country of giftor,” from January 1, 2020 to the present. Based on our research, information identifying the source of a gift/donation/contract is not currently available the latest Foreign Gift & Contract Report or online portal search tool.

Please note they requested the information by Friday. **Please advise of any concerns with this request ASAP today** (if we don't have it, don't collect it, can't produce that quickly, etc.)

Thank you,

Thanks for looping us in, Greg. This request raises some complicated questions. A call would be helpful to talk through timing, scope, and any possible assurances or considerations for confidential nonpublic information. Based on calendars, no time works for everyone tomorrow and the best times look to be 12, 2:30, or 4 pm ET. I can send a placeholder invite for 4 pm and we can move it if that time doesn't work.

**Subject:** Oversight request - SFRC request for information

**Importance:** High

Hello – we received a request from the Ranking Member of the Senate Foreign Relations Committee for the following information:

Senator Risch would like to request all records related to the following:

1. All data on the reported anonymous gifts/donations/contracts made to the University of Pennsylvania which list China as the “country of giftor,” from January 1, 2017 to present. This data should include the specific source of the gift/donation/contract – not just the country. There are several gifts/donations/contracts where the donor is listed as a series of numbers, rather than as “Anonymous.” We could like the data for those gifts/donations/contracts too.
2. All data related to every reported donation/contract/agreement to the University of Pennsylvania which list China as the “country of giftor,” from January 1, 2020 to the present. Based on our research, information identifying the source of a gift/donation/contract is not currently available the latest Foreign Gift & Contract Report or online portal search tool.

Please note they requested the information by Friday. **Please advise of any concerns with this request ASAP today** (if we don’t have it, don’t collect it, can’t produce that quickly, etc.)

Thank you,

Molly Petersen
