Erich,

Enclosed please find the Form 471 231011671 related to 25-3999-EP \$374,376

and 25-3999-ES \$121,245 for your reference. I will ask our budget office to work on ISBE SIS which I don't have access to.

Sharon,

There are two **additional** applications in the system for the **current** fiscal year that we do not have an application from you.

25-3999-EP is for \$374,376

25-3999-ES is for \$121,245

You already have an application submitted for 25-3999-ER which is for \$337,087 which we are awaiting a USAC FCDL.

It looks like “FRN #2499040283 (year 2), the amount being requested for State Match is \$374,375.09, which is equal to 5% of the Special Construction Costs”, is the 25-3990-EP application **which we do not have an application submitted or even started.**

Please get that application and 3999-ES if still needed into ISBE SIS **as soon as possible!!!**
This is critical so the funding does not disappear!!!

Thanks,

Erich

Erich,

Julio Mangarero from USAC is helping to expedite our application review. There are 3 reviewer actually reviewing our application. CPS is selected for selective review for FY2024. It takes longer than usual. I will send a group email to include you for our application update with Julio.

Thank you so much for your support and patience.

Sharon,

Any updates? Our Funding and Disbursements director really would like to know.

There's a danger of the grant allocation being swept (meaning it goes to \$0) if we do not get a response very soon.

Thanks,

Erich

Sharon,

Next steps on this once the FCDL is issued, which hopefully is soon.

1. Go back into the grant and upload the form 470 and the FCDL to the Program Specific – Tech status page.
2. On the budget pages, in the Payment Schedule page, adjust the amounts in the June, July, and August lines at the bottom if needed (this will depend on when the FCDL is issued. If it happens within the next week or two, the page is fine).
3. Check the Applicant Information Page. At the bottom, make sure that the Extended Project Year selection is selected. This will extend the state grant to 8/31/2025. You want to make sure this doesn't change back to 6/30/2025.
4. Submit.

Once we have everything I'll issue a new award letter removing the word tentative.

Thanks,

Erich

Hi Erich,

I just received a PIA question about a state match. This is re-apply FRNs from FY2024(EFY2023). Do you have updated approval letter? I have attached the only file that I have.

For FRN #2499040283 (year 2), the amount being requested for State Match is \$374,375.09, which is equal to 5% of the Special Construction Costs.

For FRN #2499040284 (year 3), the amount being requested for State Match is \$337,086.74, which is equal to 5% of the Special Construction Costs.

Please upload documentation, that is up to date, to support the source and the amount of the Requested Special Construction State Match for FRN #2499040283.

Please upload documentation, that is up to date, to support the source and the amount of the Requested Special Construction State Match for FRN #2499040284 .

Examples of supporting documentation are: award letter from the state match source, proof of awarded amount from state match source website, etc.

Sharon,

I can't hold the door open on this indefinitely so we need USAC to issue the FCDL or we're going to have to deny awarding the state match grant due to failure of USAC not awarding the project. The state funds would then be made available for reallocation.

If we do not have an indication by the end of May we likely need to pull funding. I do not think I can give you more time than that.

Thanks,
Erich

Sharon,

I'm contacting you to inquire about the status of the E-Rate State Match grant. We are approaching the end of the state fiscal year and the application with a FCDL from USAC has not been submitted back to ISBE. We do not want these funds to lapse when the current state fiscal year ends in June. Please let me know if an FCDL for this project has been issued by USAC. If this project is no longer moving forward, please let me know so I can remove the allocation.

The state award amount is \$337,087

If a FCDL was issued, please complete the following steps for the state match grant:

1. District personnel to log into IWAS and access the District Broadband Expansion Grant
2. On the Program Specific page, upload the following documents: FCC Form 470, FCC Form 471, and the USAC FCDL document.
3. Re-Submit the Grant to ISBE

Once we have that in the grant application, we will move the grant to disbursement.

Please contact me if you have any questions.

Thanks,
Erich

I certify an FCC Form 470 was posted and that any related RFP was made available for at least 28 days before considering all bids received and selecting a service provider. I certify that all bids submitted were carefully considered and the most cost-effective service offering was selected, with price being the primary factor considered, and is the most cost-effective means of meeting educational needs and technology goals.

I certify that the entity responsible for selecting the service provider(s) has reviewed all applicable FCC, state, and local procurement/competitive bidding requirements and that the entity or entities listed on this application have complied with them.

I certify that the services the applicant purchases at discounts provided by 47 U.S.C. § 254 will be used primarily for educational purposes, see 47 C.F.R. § 54.500 and will not be sold, resold or transferred in consideration for money or any other thing of value, except as permitted by the Commission's rules at 47 C.F.R. § 54.513. Additionally, I certify that the entity or entities listed on this application have not received anything of value or a promise of anything of value, as prohibited by the Commission's rules at 47 C.F.R. § 54.503(d), other than services and equipment sought by means of this form, from the service provider, or any representative or agent thereof or any consultant in connection with this request for services.

I certify that I and the entity(ies) I represent have complied with all program rules and I acknowledge that failure to do so may result in denial of discount funding and/or cancellation of funding commitments. There are signed contracts or other legally binding agreements covering all of the services listed on this FCC Form 471 except for those services provided under non-contracted tariffed or month-to-month arrangements. I acknowledge that failure to comply with program rules could result in civil or criminal prosecution by the appropriate law enforcement authorities.

I acknowledge that the discount level used for shared services is conditional, for future years, upon ensuring that the most disadvantaged schools and libraries that are treated as sharing in the service, receive an appropriate share of benefits from those services.

I certify that I will retain required documents for a period of at least 10 years (or whatever retention period is required by the rules in effect at the time of this certification) after the later of the last day of the applicable funding year or the service delivery deadline for the associated funding request. I acknowledge that I may be audited pursuant to participation in the schools and libraries program. I certify that I will retain all documents necessary to demonstrate compliance with the statute and Commission rules regarding the application for, receipt of, and delivery of services receiving schools and libraries discounts, and that if audited, I will make such records available to USAC.

I certify that I am authorized to order telecommunications and other supported services for the eligible entity(ies) listed on this application. I certify that I am authorized to submit this request on behalf of the eligible entity(ies) listed on this application, that I have examined this request, that all of the information on this form is true and correct to the best of my knowledge, that the entities that are receiving discounts pursuant to this application have complied with the terms, conditions and purposes of the program, that no kickbacks were paid to anyone and that false statements on this form can be punished by fine or forfeiture under the Communications Act, 47 U.S.C. §§ 502, 503(b), or fine or imprisonment under Title 18 of the United States Code, 18 U.S.C. § 1001 and civil violations of the False Claims Act.

I acknowledge that FCC rules provide that persons who have been convicted of criminal violations or held civilly liable for certain acts arising from their participation in the schools and libraries support mechanism are subject to suspension and debarment from the program. I will institute reasonable measures to be informed, and will notify USAC should I be informed or become aware that I or any of the entities listed on this application, or any person associated in any way with my entity and/or the entities listed on this application, is convicted of a criminal violation or held civilly liable for acts arising from their participation in the schools and libraries support mechanism.

I certify that if any of the Funding Requests on this FCC Form 471 are for discounts for products or services that contain both eligible and ineligible components, that I have allocated the eligible and ineligible components as required by the Commission's rules at 47 C.F.R. § 54.504.
